- Ankara, TURKEY

## About Me

He is a manufacturing engineer who has been involved in machining since his university life and has worked on CNC programming, cutting tools and toolroom technologies in his business life. His goal is to keep up with the developing technology and become a well-known machining engineer in the sector.

## Certification

- CSWA - Mechanical Design  
(SOLIDWORKS)
- Sales Onboarding  
(SOLIDWORKS)
- Callobrative Robot  
Programming (FANUC)
- Geometric Tolerances  
(UDEMY)

## Education

- Postgraduate  
Gazi University  
2023 - cont.
- Bechalar's Degree  
Gazi University  
2014 - 2020
- Highschool  
Suleyman Demirel  
Science High School  
2014 - 2020

## Experience

- Service and Application Engineer  
HAIMER  
07/2023 - cont.  
Service, training and applications for HAIMER product to customer.  
Customer calls and visits to sell maintenance.
- Area Sales Engineer  
CNC Ileri Teknoloji  
02/2023 - 04/2023  
Active customer visit for the sale of HAAS and Makino brand CNC machines.
- Product Manager  
ABK Teknik  
07/2021 - 02/2023  
Programming 3, 4 and 5 axis CNC machines and 6, 8 axis industrial robots. Training of CAMWorks and SprutCAM products to customers. Editing post processors for 3, 4, 5 axis CNC mahines.
- Sales Engineer  
TRS Makina  
01/2020 - 06/2020  
Determining tool and machining parameters according to material and geometry. Choosing right cutting tool and improve the production of companies.
